The Hartsfield Trust was established in March 2002 by Walter Lacey after a resolution granted to him by the Matabeleland Rugby Football Board. The initial trustees were Walter Lacey, James Stobs, Tendai Tapfuma, Alison Roberts, William van der Merve, Stanley Bruce Alfred Longhurst, Vivian Johnson Electro Luis Corbi. The aims and objects of the Trust are to preserve, conserve, maintain, care for and keep safe the assets of the Trust in the state in which they came into the trust and to retain them in that form for as long as they think fit, without the contemplation of any profit and for the benefit of the rugby-loving public of Zimbabwe as they in their discretion may think proper. The assets consist of any assets that were originally housed in The Presidents Room at Hartsfield Rugby Ground, any such future bequests or donations of rugby material to or in favour of the trust as may be made from time to time, Any donations or bequests of money to or in favour of the trust as may be made from time to time and any future assets or investments as the trustees may acquire for the trust, including any income not required for the trust and may be capitalised by the trustees in terms of the deed.
